

## **LIVE TO BE 139!**

**SEPTEMBER 26-28, 2019 in SANTA FE, NM**

**HOSTED BY DR. ROBYN BENSON**

**AT SANTA FE SOUL - Center for Optimal Health**

### **CLASS OUTLINE**

#### **HRS is Turning Degeneration into Regeneration!**

Join us for our *Doctor-Created* seminar with Interactive workshop to learn the Harper Restoration System. **Learn how you can LIVE TO BE 139!**

Dr. Harper brings you a new perspective on “regeneration” and how it can actually work in the body and how you can help your patients achieve the health and vitality to Live to Be 139! You don't want to miss this class with Dr. Dennis Harper.

This is a Doctor-Driven, very advanced, class being introduced for practitioners who are *ready to start changing lives!* All attendees will provide us with input as to what they need and then they will lead the direction of the class. There will be a pre-screening questionnaire and pre-class videos to watch. Attendees will also be asked to place a minimum order of Biologic Allograft to be shipped directly to your office, so you are ready to start using them on Monday!

For more info, [get access here!](#)

We will be training you from the Patient to the Practitioners Perspective! Class begins Thursday evening with an open house offering the public to learn more about Regenerative Medicine with Dr. Dennis Harper. This is an opportunity for Dr. Robyn Benson knows when she gives patients and providers a unique opportunity to see firsthand how to approach health from a regenerative standpoint, everyone wins.

Class on the Fundamentals of LIVE TO BE 139 Program will include:

- Learn the nuts and bolts of the “LIVE TO BE 139” program, and how easily it is used as a tool to actively engage patient participation in their health.
- Unique opportunity to view from a patient's perspective, the “LIVE TO BE 139” Program and how patients respond to the information we provide in our courses.
- Learn a comprehensive physical exam technique that takes 5 minutes and covers 57 different orthopedic and neurological exams.
- Each attendee will learn several simple Nero-resets that can be done in minutes, cost a few cents, and will have patients visibly stronger and pain free in minutes!
- Experience hands on injection opportunities and practice on your peers.
- Witness how to talk to patients about treatment options without feeling like a used car salesman!
- Identify several action items that you can implement into your practice on Monday morning!

**Investment: \$950.00 *\*with pre-order of Biologic Allograft (see below)***  
***\$1,450.00 without pre-order***
