

Robyn Benson's Regenerative Medicine SHORT BIO

Dr. Robyn Benson brings an innovative and game changing approach to today's health care. Robyn offers the most advanced leading-edge therapies, procedures and products designed to renew restore and revive peoples' health called ART (Amplified Regenerative Therapies).

Dr. Robyn Benson, author, speaker, self-care and regenerative medicine expert is known by many to be THE health detective with life-changing solutions! She is the owner and founder of Santa Fe Soul Center for Optimal Health for over 13 years.

For the past 25 years, she's applied her considerable knowledge of acupuncture, platelet rich plasma (PRP) therapy, Herbs, IV therapies and her love for healthy travel to help patients resolve acute and chronic health challenges and to achieve optimal and sustainable health.

Dr. Benson is a graduate of the University of Virginia with a B.S. in Sports Medicine and a Master's Degree in Acupuncture and Oriental Medicine. She is a board-certified in orthopedic and pediatric acupuncture, a mother, adventure enthusiast, world traveler, and nationally known speaker.

Visit the A.R.T. LAB (Amplified Regenerative Therapies) & IV Therapy of Santa Fe at Santa Fe Soul, Center for Optimal Health: www.SantaFeSoul.com

Definition of regenerative medicine and practices: Regenerative medicine is the reverse of aging and degenerative disease. It's the science of boosting healing naturally in damaged tissues and in under-functioning endocrine and immune systems. This is being achieved with nutrition therapy, stem cells and oxidative medicine (ozone and high dose vitamin C IVs). It also includes restoring healthy joints, hair growth, skin rejuvenation and sexual function with your own platelet rich plasma (PRP).
